

## Frequency Meter

FR 72

FR 96

YOKINS is a leading **Frequency meter manufacturer, Frequency meter supplier** and **Frequency meter exporter** in India. We manufacture a wide range of high-quality Analog Frequency meters for measuring AC Frequency.

Frequencies are measured with a built in electronic transducer & moving coil indicator. The movement of meter can be of 90° or 240°. The pointer is used to depict the frequency as in all moving coil meters. The pointer

indicates the applied frequency when voltage is applied across the terminals of the meter.

**Available in sizes :** 72mm, 96mm & 144mm square panel mounting type.

**Range :** 45-50-55 Hz, 55-60-65Hz, 40-50-60 Hz

**Voltage :** 110V or 230V or 440V.

**Accuracy :**  $\pm 1.5\%$  as per IS 1248/83.
